Competencies

- Custom Software Development
- Mobile Applications Design & Development
- Database Design, Development & Administration
- Enterprise Application Development & Integration
- Cloud Computing
- Open Source Expertise
- Software Maintenance & Support
- Content Management & Website Design/Development

Differentiators

At Highstep, our solutions get real results, including improved productivity, profitability, and efficiency. Clients choose to work with our experts because we build long-lasting relationships, inject creativity into our work, and care about making the world a better place. We've volunteered, or support several charitable organizations, including Girls Who Code, Yes We Code and My Brother's Keeper Hackathon.

We use our passion for helping others to develop the most effective technology solutions possible, allowing each of our clients to reach the high level of success they deserve.

Past Performances

- **Con Edison** – Feeder restoration management system
- **Con Edison** – Construction permit tracking system
- **Construction Information Systems - CISLEADS.COM** Project Leads Service
- **Bank Of America** – Marketing campaign management system
- **FutureBridge** – Comprehensive HIV/AIDS management platform
- **Digital Content Management Platform** – Used by several retail banks including Chase & PNC Bank
